Indonesia (GMT+7) | alvinmalikibrahim20@gmail.com
alvinmalik.my.id | linkedin.com/in/alvin-malik-ibrahim

PROFILE

Developer with web development experience since 2019, including auction frontends, finance administration tools, and ERP integration. Works across web and mobile applications, API integration, bug fixing, and ongoing maintenance.

CORE SKILLS

Backend & data: Laravel, PHP, REST APIs, API integration, MySQL, SQL Server, PostgreSQL

Web & mobile: Vue.js, Nuxt, JavaScript, Flutter, Dart, WordPress

Supporting tools: Git, Odoo, Go, Katalon, technical SEO, Google Analytics

PROFESSIONAL EXPERIENCE

PT Tunas Rent | Programmer Staff | April 2024 - Present

- Maintain and enhance the Nuxt auction website and contribute to its transition to a shared Flutter frontend for web, Android, and iOS.
- Build and maintain Vue admin modules supporting auction operations and finance workflows.
- Refactor integration with the company ERP, connecting auction and financial records.
- Work on buyer accounts, live bidding interfaces, vehicle grading, partner reporting, and migration of parts of the admin system to Odoo.

PT Pacific Cipta Nusantara | Engineer & Logistic | March - May 2023

Earlier engineering and logistics role.

PT Racer Robot Indonesia | Web Developer & Digital Marketing | August 2019 - March 2023

- Designed, developed, and maintained company, robotics community, competition, and e-learning websites.
- Created landing pages for Facebook campaigns and supported websites through technical SEO and Google Analytics.
- Supported IYRA robotics events and teacher training activities.

BPPT | Security Internship | January - March 2018

Internship focused on hacking and security.

EDUCATION & TRAINING

Universitas Pamulang | Bachelor's degree in Informatics Engineering | 2020 - 2024

SMK Negeri 6 Tangerang Selatan | Computer & Network Engineering | 2016 - 2019

Enigma Camp | Go backend development training
